## EXPERIENCE:

### Software Testing Intern Midbrains Technologies,Pune

08/2022 - 07/2023

Pune

- During my Internship, I was involved in the Analysis of user stories creating a test case, and executing test cases to validate the application's functionality. Performed System & Usability testing.
- Assisted in manual testing and defect documentation. Applied SQL for database testing. Developed and executed test plans. Collaborated with developers to resolve issues. Conducted regression testing. Participated in Agile/Scrum meetings.

## PROJECTS

### E-learning Application

- **Project Description:** The project involves enhancing an existing e-learning platform to improve user experience, add new features, and ensure high-quality delivery of educational content. The platform provides courses, quizzes, interactive videos, and forums for discussions.
- **Responsibilities :**
- Designing detailed test cases and test scripts based on requirements.
- Executing manual test cases to validate the application's functionality, usability, and compatibility. documenting defects using a bug-tracking system.
- Participating in requirement reviews and providing feedback from a testing perspective.

### E-commerce Web Application (03/2024 - 06/2024)

- **Project Description:**
- **Responsibilities :**
- Created and executed detailed test cases for various functionalities of an e-commerce application.
- Identified and reported defects, collaborated with the development team to ensure timely resolution.
- Developed and executed automated test scripts using Selenium WebDriver and Automated smoke and regression test cases to reduce manual testing efforts.
- Developed a comprehensive suite of automated tests for an e-commerce application using Selenium and TestNG. Validated various functionalities including user authentication, product search. Implemented data-driven testing to ensure the robustness of the test scripts.

## EDUCATION:

### Post Graduate Diploma in Advanced Computing (PG-DAC) (IT) CDAC (Pune Region)

09/2023 - 02/2024

### Master of Engineering (M.E.) Amravati University

CGPA-8.54

## SKILLS:

Software Testing

Software Development

Manual Functional Testing

Database Testing

API Testing

Core Java

SpringBoot

Test Planning

Test Case Design

Test Execution

Jira

MySQLDB

Bug Tracking

Agile

Scrum

Selenium-Webdriver

Test Automation

HTML&CSS

TestNG

Postman

Rest-API

Quick Learner

Strong problem solving skills

Good (Verbal + Written) Communication Skills

Leadership, Communication skills

## ACHIEVEMENTS

Achieved 3 Star in Hacker Rank & Certificated in HTML, Java, MySQL

Deployed Own Testing Blog on Github and Netlify

## CERTIFICATES:

Building a REST API with Spring Boot from Spring Academy.

Beginner

Completion of Software Testing course from Learn Vern Pvt. Ltd.

Selenium - Automation Testing from Learn Vern Pvt. Ltd.

Certified in " Tricentis - Automation Specialist for API" from Tricentis Academy.
